

Deakin College Medical Certificate

Purpose of this document

This document is to be used when applying for special consideration on medical grounds for examinations or other assessable work.

Special consideration may be granted to students who are legitimately disadvantaged in their assessment due to circumstances beyond their control. Depending on the circumstances and seriousness, special consideration may result in another form of assessment being used, or may be taken into account in the final grading for the piece of assessment or the whole unit.

For special consideration on medical grounds to be granted, Deakin College requires information provided by a medical practitioner or health care provider. This **is to enable an assessment of the validity of the student's entitlement** to be made and, if the student is entitled, to determine what action, if any, should be taken. This form is used to provide this information.
