Scope

This policy applies to all students enrolled in the Foundation and Diploma courses offered at Deakin College.

Policy

1. As an Australian Higher Education Provider, Deakin College offers opportunity for domestic and international students to embark upon tertiary education through an initial Foundation or Diploma course of study.
2. **Principles**
 - 2.1. The aim of the Recognition of Prior Learning Policy is to assist students to progress through award courses with maximum efficiency by recognising that students may attain the objectives of components of a course by means other than formal study and assessment in the course.
 - 2.2. Deakin College will maintain the integrity of its courses and protect the academic standards and reputation of its awards. Recognition of prior learning will be granted only within the constraints of this principle.
 - 2.3. To obtain recognition of prior learning applicants must have gained knowledge and skills which help them to meet the learning outcomes and assessment criteria of the qualification for which they are seeking exemption.
3. **Recognition for Prior Learning at Deakin College**
 - 3.1. **Admission**

- Admission to the College is based on Academic and English entry requirements as published in the College's prospectus and on the College website at <https://www.deakincollege.edu.au/>.
- Applicants will only be granted recognition of prior learning towards an award course at the College once they have gained admission to the relevant course of study. Applicants may also seek specific advice from the College prior to admission in relation to possible recognition of prior learning credits.

3.2. Recognition of Prior Learning

- Applicants or students of Deakin College, may be awarded specified recognition of prior learning towards courses where the recognition of prior learning granted relates to the specific units or components in a course, exempting students from those units or components, and awarding the appropriate credit points in their place. Specified recognition of prior learning may be given where applicants have met the objectives, attained the knowledge, or developed the skills required by particular unit or course components;
- Deakin College awards credit for units which are common to more than one Deakin College course, when a student moves from one course to another in accordance with the maximum credit transfer;
- Applicants or students of Deakin College, may be awarded credit for a maximum of half (50%) of the units to be undertaken within a course of study offered at the College. Where a unit has double credit points, the unit is counted as two units for the purpose of calculating 50% of units;
- All applications for the recognition of prior learning for Diploma courses are approved by Deakin University.

3.3. Application for Recognition of Prior learning

- Applicants are encouraged to apply for Recognition of Prior learning at least one (1) month prior to the commencement of their studies;
